demec.org.uk/posters
Submission deadline:
Monday 17 June 2019

Programme
The programme will include plenary lectures, a choice of 52 parallel sessions covering a wide range of topics, posters and exhibition.

1. Designing and planning learning
2. Teaching and facilitating learning
3. Assessment of learning
4. Educational research and scholarship
5. Educational management and leadership
6. Core values of medical educators

For the third time, the leading organisations in medical education and training across the country will come together to deliver another joint national Medical Education conference in the UK.

This provides an exceptional opportunity for pressurised clinicians to come together in a single conference to drive current thinking in the field of medical education and training.

For more information visit:
demec.org.uk

Accreditation for study hours will be applied for via the Royal College of Physicians

Organised and hosted jointly by:

Committee of GP Education Directors

COPMed
NHS Education for Scotland
NHS Health Education England
NHS Education for Scotland
