

Dr Susi Caesar MA, MB ChB, DRCOG, DCH, FRCGP, SFFMLM, MA Med Ed (Appraisal)

Susi is a locum GP, who also facilitates appraisals, coaches, provides appraiser training, is the Director of Wessex Appraisal Service Ltd. and has national roles as the RCGP Medical Director for Primary Care Development and Chair of the Academy of Medical Royal Colleges' (AoMRC) Professional Development Committee.

Her Masters dissertation was an appreciative enquiry into peak appraisal experiences, called 'Why is appraisal like chocolate?' and this facilitated her leadership of the rebalanced AoMRC appraisal 2020 process in the pandemic. We can all share the benefits of new ways of supporting doctors and re-energising professional practice.
