Deadline 2 January 2020

Bringing together medical education colleagues from across the UK from students and FY1 upwards for a day exploring all the practicalities and pitfalls, best practice and tips for succeeding when you're really up against it.

Plenaries, workshops, short presentations and posters, looking at the theory behind medical education, as well as day to day practicalities: career support and development; educational resources; skills to be an effective educator; dealing with difficult situations; assessment, feedback and reflection; simulation; evidence based medicine; innovation ...
