

Fellowship

AOME
ACADEMY OF
MEDICAL EDUCATORS

Applicants for Fellowship of the Academy must demonstrate a broad contribution to, and substantial achievement in, medical education.

Fellows are identified by the internationally recognised designation FAcadMed (Fellow of the Academy of Medical Educators) signifying that they have successfully met appropriate professional standards for medical education practice and are committed to continuing professional development.

We welcome applications for Fellowship from all those who can show a significant commitment and achievement as a medical educator to excellence in medical education, be that in medicine, dentistry or veterinary medicine. Fellowship recognises significant expertise as a medical educator and Fellows of the Academy are leaders in their field, helping to shape strategy and policy around medical education.
