

Dr Anton Saayman

Director of Educational Improvement and Governance, HEIW.

Anton is a Consultant in Intensive Care Medicine at Cardiff and Vale University Health Board. He was previously Lead Clinician for Adult Intensive Care Unit (ICU) and is a member of the Faculty of Quality Improvement at the Health Board. Anton has held many educational roles including Faculty Lead, Foundation Programme Director and Intercollegiate Board for Training in Intensive Care Medicine (IBTICM) Tutor. He is an alumnus of the Harvard Macy programme and has recently completed an MSc in Medical Education. Anton provides strategic leadership for the postgraduate education support activity of the Quality Unit and develops and manages postgraduate education support activities between postgraduate medical training and healthcare in Wales. His role includes leading on HEIW's approach to implementing the General Medical Council's (GMC) requirement for formal recognition of trainers in secondary care. His post also has a key role in the governance of faculty teams and infrastructure for training management and support across NHS Wales. Anton is also leading a programme for embedding Quality Improvement (QI) skills within the training programmes at HEIW.
